CAREER OBJECTIVE

Electronics & Telecommunication Engineer with hands-on experience in **Software Engineering, Research & Development, full-stack development, and machine learning**. Proficient in Python, Java, JavaScript, MERN Stack, and database technologies, with a strong focus on **problem-solving, software development, and building efficient, reliable, and scalable solutions**.

EDUCATION

- **Trinity College of Engineering and Research, Pune** (2022 – 2026)
  B.E. Electronics & Telecommunication CGPA: 9.13
- **Shri Bhairawanath Vidya Mandir, Pabal** (2020 – 2022)
  HSC (Science) Percentage- 60%
- **Vidyadham High School, Kanhur Mesai** (2018 – 2020)
  SSC Percentage-89.40%

PROFESSIONAL EXPERIENCE

ServerVeda Systecc LLP (23 June 2026 – 23 July 2026)

Software Engineering – Research & Development

- Worked as part of the **Research & Development team in Software Engineering**, contributing to software-related technical activities and problem-solving.
- Gained practical exposure to **software development processes, technical research, and professional engineering practices**.
- Collaborated with the team on **technical tasks and R&D activities** related to software engineering.

INTERNSHIP EXPERIENCE

EY Global Delivery Services & AICTE (Feb 2025 – Mar 2025)

MERN Stack Developer Intern

- Learned and applied the **MERN Stack (MongoDB, Express.js, React.js, Node.js)** to develop full-stack web applications with a focus on scalability and performance
- Designed and developed a **Personal Finance Manager** application to track income, expenses, and financial data efficiently
- Built and optimized the frontend using **HTML, CSS, and JavaScript**, ensuring responsive design and smooth user experience

The Skybrics (Nov 2025 – Feb 2026)

Python Developer Intern

- Worked on **Python fundamentals and core programming concepts** including data types, control structures, functions, and basic data structures
- Applied problem-solving techniques to develop logical solutions and small-scale programs using Python
- Enhanced **debugging and code optimization skills** by identifying errors and improving program efficiency

PROJECTS

Video & Audio Detection System (Machine Learning)

- Developed a **machine learning-based system** for analysing and detecting patterns in video and audio inputs
- Applied **classification techniques** using concepts of SVM and CNN for accurate pattern recognition and detection
- Performed **data preprocessing and feature extraction** to convert raw media data into meaningful inputs for model training and analysis. Implemented basic workflow for **real-time detection and prediction** of audio and visual signals

Personal Finance Manager (MERN Stack)

- Developed a **full-stack expense management application** to efficiently track and manage personal financial data
- Implemented **secure user authentication** and authorization using JWT to ensure data privacy
- Designed and executed **CRUD operations** for adding, updating, and deleting financial records
- Created a responsive and user-friendly interface for seamless user interaction

Career Guidance System (Java, MySQL, Firebase)

- Developed a **career recommendation system** based on user interests, skills, and academic performance to provide personalized career suggestions
- Integrated **Firebase for real-time data storage and synchronization**, enabling efficient data management and quick access to user information. Implemented backend logic using Java and MySQL to process user inputs and generate accurate recommendations

TECHNICAL SKILLS

- **Programming Languages: Java, Python, JavaScript**
- **Web Technologies: HTML, CSS**
- **Frameworks & Stacks: MERN Stack (MongoDB, Express.js, React.js, Node.js)**
- **Databases: MongoDB, MySQL, Firebase**
- **Tools & Platforms: VS Code, Linux**

CERTIFICATIONS

- Python Programming Certificate
- Java Certificate
- JavaFX Certificate
- EY GDS & AICTE – MERN Stack Web Development

ACHIEVEMENTS & ACTIVITIES

- NSS Volunteer
- IETE Student Member
- Drone Activity Coordinator
- Avishkar Project Participant

SOFT SKILLS

Problem Solving | Leadership | Teamwork |Time Management | Risk Management

LANGUAGES

English, Hindi, Marathi
